

The **State REQUIRES** that we obtain from **EVERYONE WEIGHING** any commodity on this scale a **vehicle license TAG NUMBER** and the **NAME and ADDRESS of the VEHICLE DRIVER**.

We are in the process of implementing this requirement here at the Transfer Station. It means that you will be asked to complete the weigh slip with the above information each time you obtain a net weight for your trash or other commodity and come to the window to pay.

We ask your indulgence as we become accustomed to this new procedure—it may take a little longer at the window after you've unloaded your trash.

**In compliance with the PA Department of Agriculture – Division of Weights & Measures.
Questions or Concerns call – Dave Lavin 717-370-1293**
